## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
Orangutan Foundation International  
Los Angeles, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Orangutan Foundation International (a nonprofit organization), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

**NOTE 3 – PROPERTY AND EQUIPMENT (continued)**

The organization has funded land purchases, consisting of several parcels in close proximity to the care center and quarantine supported by the organization, is located on the island of Kalimantan, Indonesia. Because Indonesian law will allow only Indonesian citizens to own land there, Mr. Pak Bohap, a member of the board, holds title to five of the parcels. Dr. Birute Galdikas, President of the board, holds title to the other parcels. A memorandum of understanding exists between Mr. Bohap and the Organization and between Dr. Galdikas and the Organization that they and their heirs are holding land in trust for Orangutan Foundation International until such time as Indonesian law will allow foreign organizations to hold title. During 2008 through 2019, the Organization has been funding purchases of land adjacent to the care center to protect the current land usage from being converted to palm oil plantations or rubber plantations. In 2020, the organization expended \$696 for advances for such purchases.

**NOTE 4 –NET ASSETS WITH DONOR RESTRICTIONS**

The net assets with donor restrictions of the Organization are available for the following purposes:

	<u>2021</u>	<u>2020</u>
Purpose restrictions		
Construction	\$ 21,937	\$ 21,937
Land purchases	<u>758,761</u>	<u>758,761</u>
 Total	 <u>\$780,698</u>	 <u>\$780,698</u>

**NOTE 5 – NET ASSETS RELEASED FROM RESTRICTIONS**

There were no net assets released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrences of other events specified by donors during 2021 and 2020..

**NOTE 6 – LIQUIDITY**

As of December 31, 2021 the organization held \$4,312,264 in liquid cash and investments available to cover ongoing expenses. This represents approximately 2.4 years of operating expenses based on the fiscal year 2021 run rate. There are no long term debt obligations; therefore given prior year donation history and operating reserves, the organization does not anticipate any liquidity short falls within at least the current year.

**NOTE 7 – COMMITMENTS**

On June 1, 2010, the organization entered into an open-ended lease for its administrative offices. Rental payments under this lease were \$1,318 per month effective May 2019. This lease is subject to a two month notice of termination.

**ORANGUTAN FOUNDATION INTERNATIONAL**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE PERIODS ENDING DECEMBER 31, 2021 AND 2020**

**NOTE 8 – FAIR VALUE MEASUREMENTS**

The Accounting Standard Codification requirement of Fair Value Measurements and Disclosures, applies to all financial instruments and all nonfinancial assets and liabilities that are being measured and reported on a fair value basis. It establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 inputs consists of observable inputs other than quoted prices for identical assets, such as quoted prices for similar assets or liabilities, or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table represents assets and liabilities reported on the statement of financial position at their fair value as of December 31, 2021 and 2020 by level within the fair value measurement hierarchy.
